Love Bites

by Holly Raber

Red headed beauty on the 07.49 from Brighton

I love the way you blow the bubbles off your

Cappuccino, like you're making a wish.

Wish I had the guts to ask your name.

Too shy guy in a blue beanie.

Hey too shy guy I think I might be the girl on

The 07.49.

Red headed beauty drinking a Cappuccino.

Red headed beauty your smile makes my

day, do you wake up happy?

Too shy guy in a blue beanie.

Of course.... I like the way you frown and chew your biro

while you pretend to do the crossword it makes

me smile. Maybe I could help.

Red headed beauty with a degree in English.

Any time, RHB I will even bring an extra Biro
for hygiene reasons.

Hopeful guy in a blue beanie

I only write in blue ink, is that an issue

Very particular red headed beauty.

Jess peers over the top of her copy of '*Metropolis*' and watches the very cute boy in the blue beanie, he is typing on his i phone a blue biro clamped firmly between his teeth. Jess runs her fingers through her spiky blonde crop and wonders where this is going. The red headed girl opposite blows gently on her cappuccino, and wonders, not for the first time this week, why the geeky boy in the blue hat is smiling at her.
