

Memory Dream

by Sho Botham

I have this memory
I think I dream about it sometimes
I have this memory
I can almost feel it

I have this memory
I dream about it night times
I have this memory
It smells full of fear

I have this memory
It sounds like wind chimes
I have this memory
It tastes like a tear

I have this memory
I've dreamt it many times

I have this memory

I see it so clear

I have this memory

I think I dream about it sometimes.

I have this memory

It's not a memory, it's here
