I'm sorry but	your mother	tried to kill me
Please forgive me	a man with six fingers on his right hand	said they were my long lost brother
I apologise	Kate Winslet's dentist	asked me for a drink
You're never going to believe this	the Queen	phoned me for advice
Guess what happened?	Richard Branson	tried to borrow money from me
Boy do I have a story for you	the Eddie Izzard fan club	ate my homework
So I was minding my own business when	the head of MI5	stole my identity
Sorry I'm late	the ghost of Margaret Thatcher	forced me to cook dinner
I couldn't go because	some guy from Love Island	kept telling me knock knock jokes
This is a terrible excuse but	my fridge	tried to seduce me
This is going to sound crazy but	my neighbour's snake	put me in a full nelson
I lost track of time because	an alien disguised as an art teacher	asked me out on a date
I feel terrible but	an escaped lunatic	gave me their phone number
Don't blame me	Mick Jagger's yoga teacher	asked me to squeeze a pimple
I couldn't help it	King Kong	gave me a migraine
I swear it wasn't my fault	the entire cast of Coronation Street	hypnotised me
I would have been on time but	Carol Vorderman's stunt double	arrested me
